### How the competition stacks up

#### Competitor A

- 26 years of experience
- Provides 24/7 power: Yes
- Time to swap battery (in seconds): ~12
- One handed operation: Yes
- Fit any clinical workflow: Yes
- 11lbs total battery weight
- On-screen battery meter: No

#### Competitor B

- 20 years of experience
- Provides 24/7 power: Yes
- Time to swap battery (in seconds): ~20
- One handed operation: Yes
- Fit any clinical workflow: No
- 10lbs total battery weight
- On-screen battery meter: No

#### Competitor C

- 20 years of experience
- Provides 24/7 power: Yes
- Time to swap battery (in seconds): ~30
- One handed operation: No
- Fit any clinical workflow: Yes
- 16lbs total battery weight
- On-screen battery meter: No

#### Competitor D

- 3 years of experience
- Provides 24/7 power: Yes
- Time to swap battery (in seconds): ~20
- One handed operation: No
- Fit any clinical workflow: Yes
- 12lbs total battery weight
- On-screen battery meter: No

**61% of nurses** cite excessive workload to be the reason they are unable to give patients the care they wanted.

Simple. Reliable. Affordable.

## About Elora International:

Elora International is a company founded on the principles of bringing value and innovation to healthcare providers with a mission of improving patient care. The Executive Team has more than 50 years of combined healthcare technology experience with a track record of performance in this industry. They are committed to leading market innovation that safely, simply, and cost-effectively solves challenges in the ever-evolving Electronic Health Records/Mobile Medical Cart markets.

With the acquisition of the Anton Bauer Mobile Power Business (name brand ELORA™) from the Vitec Group, we are excited to continue the legacy of the ELORA Mobile Power products and look forward to building the brand off the long-standing history of quality that Anton Bauer represents.

### Elora 240 Wh Battery

**DIMENSIONS:**  
7.85" x 3.24" x 4.79"

**WEIGHT:**  
4 lbs.

**CAPACITY:**  
240 WH

**CODE: 8675-0091**

**KEY FEATURES:**

- UL 60601 and DOT 38.3 certified
- Lightest Hot Swap battery on the market
- Over 50 years of design and safety experience built into every battery
- Warranted for 2 years
- Ergonomically designed to reduce risk of user strain and accidental droppage

### Elora Battery Interface

**DIMENSIONS:**  
11.06" x 7.28" x 3.74"

**WEIGHT:**  
4.25 lbs.

**OUTPUT VOLTAGE:**  
110 Volts AC

**CODE: 8375-0191**

**KEY FEATURES:**

- UL 60601 certified
- 110 volt AC power for simplicity
- All metal construction for durability
- At 4.5 pounds, the lightweight system helps minimize overall cart weight and reduce clinician strain while managing cart and equipment

### Elora Charger Cabinet with Wi-Fi

**DIMENSIONS:**  
31.04" x 11.09" x 5.55"

**WEIGHT:**  
30.5 lbs.

**CHARGER INPUT VOLTAGE:**  
110/220 VAC 50/60 Hz

**CODE: 8475-0123**

**KEY FEATURES:**

- Simultaneously charges all 3 batteries
- Fully charges all batteries in just over 3 hours
- Calibrates batteries as needed to extend their life
- Proprietary charging technology prevents over-charging and overheating of the battery
- Uses color coded LED's to visually tell user battery status and condition
